Company Profile / Statement

公司簡介

李景勳 · 雷煥庭建築師事務所於1962年在香港創立，於2004年成為有限公司，擁有豐富經驗，是一所多元化發展的建築設計公司。已完成的工程項目超過500個，分佈於香港、澳門、中國及越南等地，其中包括學校、商業大樓、酒店、住宅、公共設施、工業建築、廟宇、社區中心、室內設計以及城市規劃等等。

於2000年，本公司榮獲民政事務署主辦之青年發展中心設計比賽亞軍。而於2003年開始，亦已取得香港品質保證局頒發之ISO9001:2000證書。本公司除運用豐富的專業經驗外，更加不斷自我挑戰，研究創新而有效的方案來創造一個完善、和諧的環境。

Established in 1962 and incorporated as a limited company in 2004, Andrew Lee King Fun & Associates Architects Ltd. is one of the most experienced architectural practices in Hong Kong. Our portfolio covers over 500 completed projects in China, Hong Kong, Macau, and Vietnam, including schools, hotels, public housing estates and facilities, private apartment buildings and houses, industrial and commercial buildings, temples, community centers, interior design, urban planning, etc.

ALKF continues to find innovative and effective solutions to create an efficient and harmonious environment. In 2000, we were awarded First Runner-up for the HK\$600M Chai Wan Youth Development Centre Design Competition organized by Home Affairs Department. We have also implemented the quality management system of ISO9001:2000 accredited by the HKQAA since 2003.

建築設計及研究所是本港先導的設計研究機構，專門透過建築設計與建築界專業人士的融合，從而關注社會上各階層的需要。我們承諾：

關注一：

透過建築研究來探討社會上各階層對教育，長者，環境，及卓越設計的需要，並和他們保持緊密聯繫。

關注二：

透過綜合研究計劃和創意設計實踐，使大眾對設計理念和卓越設計有更清晰理解。

關注三：

促進批判思考，併發廿一世紀對可持續發展和建築實踐的新思維。

關注四：

藉著創新項目聯繫社區和以上建築理念。

建築設計及研究所是由一群有心於卓越建築設計在香港以及中華地區的發展的人士組成。創立成員在過去幾年一直致力於建築與大眾的聯繫。建築設計及研究所深信卓越建築設計和高質素可持續發展社區環境對社會各個成員的重要性，所以我們提出未來環境今日實現的願望，以期締造一個新典範，把社區需要和期望融合在環境設計考慮過程中。

Axis of Spin

architecture

AOS. architecture (Axis of Spin) was named in honour of the spinning stars in the universe, each one staying true to its own axis no matter where or how that star moves across the sky. This runs counter to the chaos of movement we experience on earth. However we each set our own axis, one that's central to our own movements, marking the home base that we can always return to. That centre, the core of our base, is grounded by a set of principles – integrity, excellence, innovation, partnership, and exploration.

The world is a reflection of the mind. Our work simply mirrors who we are, what we think, what choices we make and the values we live by. Architecture is not only the building itself. It is the building of relationships between man, nature and the environment, both physically and metaphysically.

THE SPACE OF THINKING, THE THINKING OF SPACE

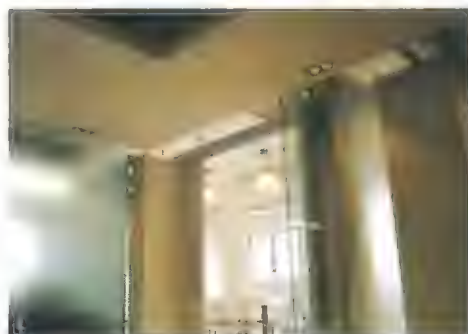

To us, each design opportunity is a thinking and re-thinking opportunity. Every project is an opportunity for exploration, discovery and contribution. Each brings together a group of people who are willing to work, think and create together. Many of our clients are integral partners along the path of design and decision making.

AOS views architecture as a tool of investigation, interrogation, questioning, creation and innovation. Each project commands a unique situation, since its parameters, site, conditions and people are never the same. Furthermore, architecture is a complicated process, because it is an amalgamation of many

peoples' ideas, ambitions and aspirations. Every project we view unique, and aims to create the best benefits for client, the team and the project.

Quality in both Design and Management is demanded by our office. Each project is viewed as individual case and being served as unique situation. After detail analysis, **Strategic Approach** is being developed to achieve the best results for clients and users within the time and budget parameters.

As architects we have significant influence on our environment, AOS is committed to the integration of **Environmental Concern** in our projects.

於1999年成立，以香港為基地，AOS主要服務地區為香港及中國。我們的服務包括建築設計、室內設計、城市設計及工程項目管理。員工為專業建築師及香港政府認可人仕，香港建築師學會會員。

AOS以高質素設計及管理為目標，以人為本，建立合作伙伴關係，為每項工程創造最高的效益。

對於每項工程，不論性質，我們亦處之以誠，獨立分析，建立發展策略，在時間和資金的範疇內達到最高的成效。

為達到最高效益，我們著重伙伴關係及團隊精神。有關的客戶、顧問、承建商、供應商都視為我們達到目標的伙伴。

建築對人和環境有重要的影響，作為建築師，我們承諾在我們的工程推廣「綠色」和「環保」概念，為人類和環境減少破壞。

我們過往的工程包括高級會所及示範單位、幼稚園、教堂、社區健康中心、婦女庇護中心、老人中心、東莞工廠，商業及住宅工程項目。

Being fully responsible to the works we commissioned, we consistently provide dedicated consultancy service in the whole process of projects. The ultimate aim of our office is to produce fine-grained architecture to our clients, as well as to the society and culture. Being tightly bound with academic and research development in architecture, we understand truly innovative design, and aim at "something new and different". Rooted in Chinese culture, we open up to European partnership and their architectural experiences.

COMPANY PROFILE

Chau, Ku & Leung Architects & Engineers Limited (CKL) was formed in 1991 by a merger between two existing architectural practices, K.H. Chau & Associates and Ku & Leung Architects Limited. K.H. Chau & Associates was established by Mr. K.H. Chau in 1959, and had completed a wide range of architectural designs, especially adept in institutional buildings, such as hospitals and schools. Ku & Leung Architects Limited was established by Mr. Stephen Ku and Ms Nora Leung in 1988, completed projects include commercial developments as well as residential developments, most notably low density luxury residences and major renovations. Considering the two practices almost of the same size, but were experienced in different building types, K.H. Chau and Ku & Leung reached an agreement for a merger in order to complement each other, Chau, Ku & Leung Architects & Engineers was thus established in 1991.

At present, CKL is under the joint directorship of Mr. Stephen Ku and Ms Nora Leung. The firm serves a wide range of international and local client groups, ranging from private, institutional as well as the Government sectors. Resourced with a wealth of experience and technical expertise, while maintaining the contemporary pace and progressive approach, CKL is competent in the design and implementation of projects of varying natures and types, including Residential, Commercial / Industrial, Health-care, Educational, Interior / Alterations, and Urban Planning projects. Completed projects for the Government sector include the Ruttonjee Hospital, housing project Cheung Sha Wan West Phase I, which was awarded Certificate of Appreciation from the Hong Kong Housing Authority; completed private sector project include residential project "Ivy on Belcher's" which was rated "Excellent" by the HK-Beam; China project for 上海-泰德苑 also received 上海最佳住宅房型獎 in 1998.

Maintaining an optimum operating size, all directors and senior professionals of CKL are able to participate hand-on in all projects from design to implementation, ensuring design ideas be successfully carried out in all the projects. The long tradition and lineage of the practice indicates the total commitment of CKL to the practice of architecture, to offer excellent design and competent consultancy services in Hong Kong as well as China.

PRACTICE BACKGROUND

Ever since the commencement of its practice on May 1, 1982, CYS has successfully implemented a wide variety of project types of substantial volume. Completed buildings range from commercial complexes, offices and hotels, luxury apartment complexes and high density housing estates, schools and housing for institutional concerns, recreation and resort facilities, 'high-tech' industrial centers and flatted factories, renovation of office buildings as well as residential estates.

The architectural practice of CYS Associates was founded by Kenneth T H Chau in 1982, amalgamating with practices of R H Yu and Associates (founded 1978) and David Shek and Associates (founded 1981). The firm became CYS Associates (Hong Kong) Ltd in 1987.

CYS currently has a staff of 86 under the directorship of Kenneth T H Chau and Thomas H P Kam (David Shek retired from the firm in 1986 and emigrated to Canada. Roderick Yu retired in 1993). There are altogether 20 fully qualified architects, supported by teams of architectural assistants and a drafting section with full CAD facilities. There is also a Site Supervisory Team and an Interior Design Section.

The Directors are involved directly and closely on all aspects of all projects, from inception, design, construction, documentation to final implementation. The practice's philosophy emphasizes on design excellence, with sound and innovative technical back up, balancing economy and aesthetics.

CYS presently has associate offices in Los Angeles, San Francisco, Seattle and Vancouver. Also, CYS has representative office in Shanghai, China.

STATEMENT

DCM commenced practice in Hong Kong in 1975. The practice is one of the most successful international design consultancies operating within the region with over 200 staff in offices in Hong Kong, Singapore, Vietnam, Australia and the United Kingdom. In China, Hong Kong and SE Asia, the practice is directed by Mr James Gibson who has over 20 years experience in the region. In addition to the significant resources of the Practice, James is supported regionally by locally based directors Mr Liam Ferguson, Mr Kwan Kin-lam & Mr Jacky Li who have successfully implemented major projects throughout the region.

The Practice and its directors individually, have earned a reputation for a high level of innovative design and management skills and have achieved recognition through successful participation in design competitions, several of international significance. In addition, DCM has been fortunate in being commissioned by both significant client groups and corporate organizations for a wide range of project types. In Asia, this is reflected in our client list, a selection of which includes Cathay Pacific Airways, Hong Kong and Shanghai Bank, Bank of America, Citibank, First Pacific Land, Swire Properties Ltd, Daewoo Corporation, Hongkong Land, Lippo Land, Hong Kong University of Science and Technology, Sun Hung Kai Properties Ltd, Hang Lung Properties Ltd, Henderson Land, Television Broadcasts Ltd, China Resources and the Mandarin Oriental Hotel Group.

COMPANY PROFILE / STATEMENT

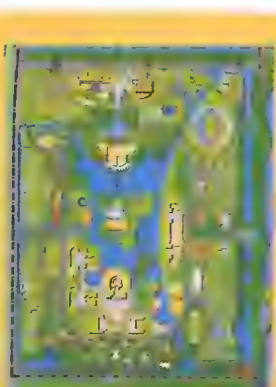

D. Heung & Associates is primarily an architectural, planning and development consultancy. The firm maintains a staff of approximately 50 people and has executed a variety of projects including institutional, industrial, religious, commercial and residential buildings. Over the years, the firm has also obtained extensive experience in negotiating with various government agencies throughout the planning, design and construction process. As an ISO 9001 certified practice, D. Heung & Associates is strongly committed to providing professional, comprehensive service to all of our clients. We endeavor to develop close working relationships with clients in order to meet their requirements and assist with the development process. While the firm does not align itself with any particular architectural style, we believe that architecture should be influenced by the context of the site and the content of the brief. We stress the value of quality design work and strive to provide buildings which achieve a lasting simplicity.

COMPANY PROFILE / STATEMENT

There is a perception that points define the edge, edges define the form and forms define the space-time. Through the operation of fragmentation and unity, surfaces dislocate from their forms, edges dislocate from their surfaces. An edge is dependent upon one's own perspective. It can be a sketchy shadow or a boundary containing a definitive blueprint. We are not satisfied with the mechanical production of a functional space without character or individuality. By the process of investigation, understanding and redefinition, our projects are more than more, they are everything, our whole being - our personality, our humour, our ideals, our passions.

COMPANY PROFILE

EDGE Design Institute is an established studio for architecture, planning and design led by Gary Chang. It was founded in 1994 as EDGE and since 2003, the company has been renamed to EDGE Design Institute Ltd to better describe its mix of research-based and commercial activities. EDGE Design Institute is driven by a belief that our surroundings directly influence our lives, whether it is the work place, at home or the public spaces in between. It is not just buildings and urban design that affects our well being. We are concerned with the physical context of a project, sensitive to culture and other external factors. Many projects, which include credentials from architecture, master planning, interior to product design, herald a degree of innovation - sometimes social, sometimes technological and often both together. But any departure from current design practice must follow the most thorough questioning and research. The quality of a project is not necessarily related to how much it costs, but rather how wisely time and money are spent. Standards are set through an attitude to defining goals and honoring commitments. Working closely with clients, users and a network of consultants, this approach has led us to focus very intensely on the projects and clients needs in order to achieve a unified goal.

COMPANY PROFILE / STATEMENT

The practice offers a wide spectrum of consultancy services including Master Planning, Architectural Design, Building Services Engineering, Structural Landscape, Interior Design and Development Consultancy. Our project portfolio comprises a wide variety of building types including housing estate from very large scale to small and medium size developments, offices, hotels, hospitals, educational buildings, industrial buildings, recreational buildings and transport related buildings. Being the first local Architectural firm in the private sector to receive ISO 9001 certification, and having recently successfully converted to ISO9001:2000 version, our approach is always to pursue excellence in Architecture and true professionalism in all the services we provide. We believe that these objectives are best achieved through creativity in design and total control over quality with support from research based in-depth knowledge of contemporary design and construction technology. To secure and maintain this awareness we encourage and support our staff in continuing professional development and provide extensive in-house training.

Whilst our firm has grown to a total establishment of over 300 people, the firm's basic policy of offering fast and reliable services to clients with the personal attention of directors remains unchanged. To expand our involvement in Mainland China, the firm has set up a joint venture, HP-ENFI Architect and Engineers Co. Ltd., in Beijing. The joint venture is capable of handling projects of unlimited size and has been certified as Class A architectural firm in China.

HISTORY

Established in Hong Kong in 1948, Hsin Yieh was founded in 1930 in Shanghai, China. The firm has developed broad expertise in the design and management, especially on large scale multi function projects. With experience and enthusiasm, the firm aims to seek the best design solution for each and every project not only to satisfy the client's needs and aspirations but also to contribute to the overall improvement of the surrounding environment.

Among recent projects designed and completed by the firm in Hong Kong and China are large scale comprehensive developments that involved urban renewal design, master planning, architectural design through to construction, projects such as the South Horizons, Laguna Verde and MTR Caribbean Coast in Hong Kong and Zhonghai Mingcheng, Grandale and Tangbei Lakeside Estate in China. Urban planning projects such as Grand Millennium Plaza and Cheung Kong Center in Hong Kong, Centre Plaza and Jingguang Center in China were designed by the company. Apart from the large scale development projects undertaken, a full range of offices, commercial, institutional, hotels, recreational and industrial projects had been designed and completed.

The firm has obtained ISO9001 certification to enhance its services. Hsin Yieh constantly endeavours to reach for higher standards of practice to keep abreast of rapidly changing design, technology. The Ultimate Goal is to fully exploit its professional expertise to achieve the objectives of each of its clients project.

Integrated Design Associates Ltd (IDA) aims to provide a high calibre research, design and planning consultancy service for clients and projects of wide ranging levels of complexity and challenges in Hong Kong, China and Internationally. Our goal is to combine original and innovative thinking with design excellence to complete projects that add values to our clients' specific requirements. We believe building quality must encompass sustainability, functionality, cost effectiveness, energy efficiency, environmentally healthy for their users and architecturally outstanding.

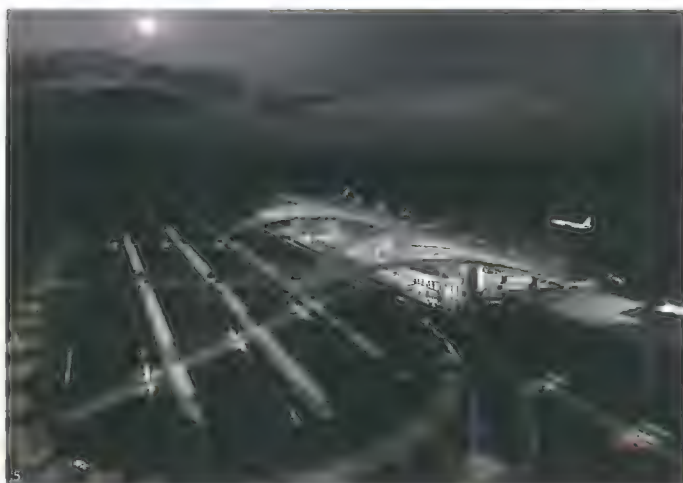

We always adopt a rational and integrated approach to design, for we believe creative thinking must address the appropriate use of technologies, engineering, humanity and ergonomics. Our analytical process are focused and therefore the quality we can achieve are measurable. Our in-depth technical know-how, design expertise and understanding of the construction process have produced many successful projects which are extremely advance in engineering, acutely budget driven and being carried out in very tight time constraints. Some of these projects received highly coveted international awards when completed. We enjoy the support and close collaboration with many reputable international specialists. As professional we are developing these unique multi-disciplinary skills continuously to ensure on-going future successes for all our clients' projects.

COMPANY PROFILE

Leung King Partners is a team of experienced professionals who are committed to imaginative yet functional architecture. We customize architectural and interior design solutions to meet the sophisticated needs of our clients.

We have a solid but simple vision of what constitute good architecture - it should be creative yet analytical; it should be efficient, functional and aesthetically liberating; and it should harmoniously integrate the cultural, technological, functional, environmental and economic elements.

We believe successful projects that stand the test of time

are vested in a clear understanding of each client's unique requirements. The finished product should be a source of pride and fulfillment to both the client and the architect.

Our experience to date covers a diverse range of projects from luxurious houses to high-class commercial and residential buildings to interior design works for apartments, office and schools.

COMPANY PROFILE

LP Architects limited is a young, dynamic and forward looking design practice established by two partners with a vision towards achieving design excellence. Prior to founding the practice, both partners accumulated a wealth of experience over the past 15 years with well established local and international architectural practices serving major property developers and institutional clients. Acting as team leaders, their past experience covered a wide range of project types in architecture, interior design and master planning in Hong Kong, North America and throughout the Asia Pacific region. The unique mix of each partner's international background and experiences has fostered a design approach that places a value on richness and diversity, enabling them to be flexible in resolving problems without compromise.

COMPANY PROFILE/STATEMENT

The firm was established in 1985. Both founders, Mr Ma Kim See and Mr Leung Sai Hung, Simon are Architects graduated from the University of Hong Kong and qualified as Authorized Person (List 1) in the mid seventies. Besides having been in the practice for over twenty five years, both partners have been holding key positions in esteemed architects and developer firms overseeing both design and project management for more than ten years before starting their own practice.

Apart from the founders, the firm has 4 working teams consisting of architects and assistant architects graduated from Hong Kong, Canada, USA, Australia and Taiwan, with extensive working experience. A design team headed by the Design Director, Mr T C Yuen was established in 1994.

Throughout the past twenty years, the firm has been entrusted with projects of all sizes, ranging from multi billion developments to state-of-the-art private residences with clientele encompassing most of the esteemed developers in Hong Kong. The firm provides comprehensive architectural services both in Hong Kong and in China and the spectrum of portfolio covers all types of buildings including residential, industrial, commercial, hotels and institutional buildings.

We are committed to serve the local building industry of Hong Kong, a world renowned metropolis which is growing majestically into the 21st Century. We are also moving steadily towards the international scene as the firm has been commissioned to undertake building projects in China, in cities such as Shanghai, Chengdu, Dalian and Guangzhou. With our expertise in building design, planning and management, we strongly believe that we are able to contribute and help create a better living environment for our society.

本公司成立於1985年。創辦人馬俊思先生及梁世雄先生均於七十年代畢業於香港大學建築學系，並於1976年取得香港、英國及澳洲註冊建築師資格，執業凡二十五年，具豐富之建築設計、項目發展及工程管理工作之經驗。

設計方面，得阮德尊先生於1994年加盟為董事，主理事務所一切設計方向。阮先生早年肄業於英屬哥倫比亞大學，並取得優異成績及專業資格。累積二十餘年之經驗，香港現有不少知名建築物，均出自其手筆。

除此之外，事務所尚有10位註冊建築師及5位助理建築師，分別在港、英、加、澳及台灣取得認可資格，具豐富工作經驗。

除上述專業人士外，事務所尚有繪圖員、技術員及文職人員等，總數超過70人，實為一間健全之中形建師事務所。

過去二十年，香港地產業迅速發展。本所處理過的項目不勝枚舉，內容涵蓋高級住宅群，洋房，工商大廈，酒店，學校等，而所負責項目之發展商更包羅香港著名地產公司如新鴻基，長江，信和，恒基，南豐，恒隆，大昌，九龍倉等等在內。

本所除服務香港的建築工業進入21世紀外，隨著中國開放，業務擴展至國內並先後在北京、上海、成都、大連、青島及廣州等地，進行多個項目設計。其中較為突出者包括上海浦東濱江花園超高层住宅群，大連天安中心及大連先施公司等。

基於多年來累積的工作經驗，我們深信能為香港及國內城市新貌作出努力和貢獻。

Meta4 Design Forum is an architectural & design firm established in 2001, aiming at delivering works which are less explored in the local architectural scene. The idea of setting up the firm was initially materialized after our winning the first endorsed architectural competition in Hong Kong. With the flourishing creativity we see in foreign architectural works, we believe that such atmosphere for innovative concepts can be brought not only to the profession in Hong Kong, but also to the market in China and other places.

Our studio space will always be in a state of flux, transforming from a mere work space to a live architectural forum; or from an exhibition venue for art pieces to whatever event you fancy. By all means, architecture should always be a treat.

Company Profile / Statement 公司簡介

The Percy Thomas Partnership is one of the premier architectural practices in the United Kingdom with a record of professional excellence going back over 90 years, to its origins in Cardiff. Since then, the Practice has expanded steadily and has regional offices in the United Kingdom and one in Kuala Lumpur and Hong Kong.

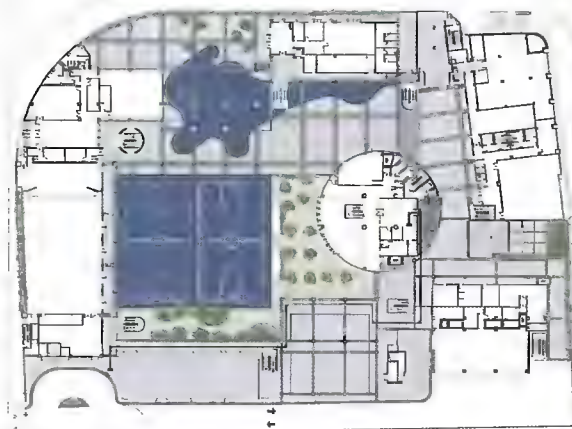

The Hong Kong office opened in 1985 and is the central base for the Asia Pacific region. The strategy of the Practice has been to focus its range of work, based on the activities of 'building-type groups' namely:

- Infrastructure
- Science & Technology
- Education
- Leisure & Recreation
- Healthcare

During the many years in practice Percy Thomas have built up an enviable range of experience and our quality has been recognised by awards for a diverse range of projects. Our working methods involve developing a full understanding of each client's needs and matching these with the most appropriate skills within the organisation.

唐謀士建築設計事務所香港公司於1985年成立，通過公開比賽先後取得「香港城市大學」及「香港科技大學」的建築設計工程。憑藉建築設計的豐富經驗，成功完成不少醫療、教育、科技、住宅、交通運輸設施及一些綜合性發展項目。

唐謀士建築設計事務所於1912年在英國設立，有6個辦事處。在亞洲區參與不少工程，促使其在香港及馬來西亞設立事務所，以拓展業務，為來自世界各地的機構提供服務，將有關概念落實於設計方案上。歷年來所建立的成績有目共睹，「靈實醫院」及「香港城市大學」分別榮獲「香港節能建築」優異獎項，而「香港公開大學」則獲評選為優異環保建築。

COMPANY PROFILE 公司簡介

Design - The Studio

Philip Liao and Partners Limited is a design studio for architecture, master planning and interior design headed by Mr. Philip Liao.

Mr. Philip Liao graduated from Cornell University (U.S.A) and Eton College (U.K) and has more than 16 years of experience in the field of architecture, planning and interiors design. Mr. Liao has participated in award winning commercial, residential, hotel and community projects and has practiced in North America, Europe and Asia. Mr Liao worked with SOM, Moffat Kinoshita (where he was Vice President) and Wong Tung International (where he was Associate Director - Design) prior to establishing Philip Liao and Partners in 2002.

Mr. Liao has Lectured at the Chinese University of Hong Kong, Shenzhen University, Guangzhou University, and the Convention Centre for the Hong Kong Institute of Architects, the HKPES and at the Exchange Conference on the Future Trend of Architecture in Shanghai and Hong Kong. Mr. Liao serves as Alumni Interviewer for Cornell University School of Architecture and as guest critic for final reviews at the Chinese University Department of Architecture. Mr. Liao also served as the architectural expert for the South China Morning Post and as jury for the Hong Kong Institute of Architects' Annual Awards. Mr. Liao has received awards from Cartier and Rollei. Philip Liao and Team's individual entry was recently awarded second Prize for the West Kowloon Reclamation Concept Plans Competition. In 2004, the firm won the Urban Renewal Authority's Lee Tung Street Development Concept Competition Award. Philip Liao and Partners's was also selected by jury panel to be included in the book '2021 Emerging Hong Kong Architects'.

The Philosophy

The philosophy is to provide urban sensitive and innovative solutions to service our client's needs and to provide high value added through design excellence.

The People

Members of the design studio are forward thinking, energetic and professional. The Studio's diverse talents received their architectural training in the U.S., the U.K., Australia, Canada and Hong Kong. They bring together a wealth of international experience in commercial, residential, hospitality and community projects.

Fulfillment - The Group

In 2003, Philip Liao and Partners Limited (PLPL) has formed a joint venture with SMAD Shanghai Xian Dai Architectural design (Group) Co. Ltd (SMAD), the largest architectural firm in the PRC with over 2000 staff. This marriage will ensure that the cutting edge design concepts will be brought about seamlessly to completion in the PRC and the South East Asia region.

公司

廖宜康國際有限公司是一間由廖宜康先生領導的以建築設計、城市規劃及室內設計為主的設計工作坊。開放式設計的工作坊，能有效地促進各設計組員的熱心參與及溝通，以達到更高的設計水平。

廖宜康先生畢業於英國 Eton College 及美國康乃爾大學，擁有超過十六年建築設計、城市規劃及室內設計經驗，曾參與多個獲獎的商業、住宅、酒店及公共設施項目。在二零零二年成立廖宜康國際有限公司前，廖宜康先生曾任職於美國著名建築師樓 SOM, Moffat Kinoshita (任副總裁) 及香港王董國際有限公司(任助理董事經理)。

廖宜康先生曾於香港中文大學、深圳大學及廣州大學講學，亦於香港建築師學會及香港建築學術研討會中演講。廖先生亦擔任南華早報的建築專業代言員、美國康乃爾大學招幕官、香港中文大學建築學院客席考官及香港建築師學會建築週年獎項的評審員。廖先生曾獲得 Cartier 及 Rollei 頒發獎項，其領導的小組亦於世界性的香港西九龍填海區設計比賽中獲得第二名。其公司更於二零零四年市區重建局舉辦之利東街重建發展概念設計比賽中獲獎，並被評選進入「二零零二香港傑出青年建築師」刊登之列。

理念

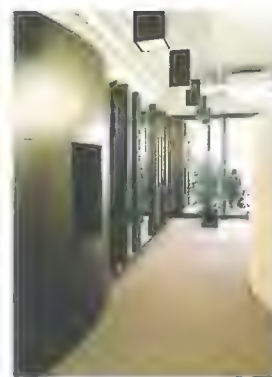

公司理念主要為提供對城市環境吻合及富有高度創意的設計而努力，以滿足各業主之需求。並堅守著做到最高水準之設計來使每個項目之價值得以提升。

人材

本工作坊成員由富有衝勁、毅力及專業水平，來自港、美、英、澳、加等多國之建築專業設計人材組成，憑豐富的國際經驗設計出水準，擁有超前創意之商業、住宅、酒店及公共設施項目。

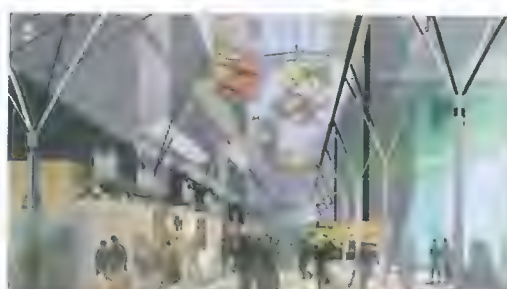

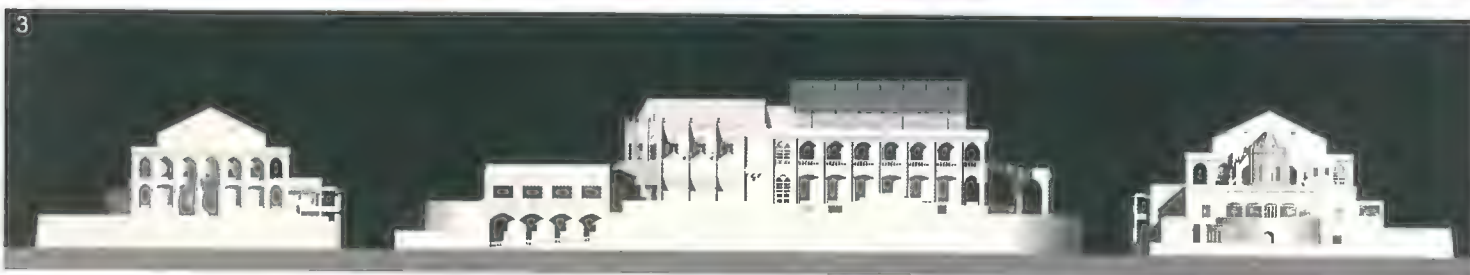

實踐 集團

二零零一年，廖宜康國際有限公司與中國最大之設計院上海現代建築設計集團有限公司組成聯盟。聯盟可使廖氏具備前瞻性的設計，透過上海現代集團豐富的當地經驗能更好地在中國及東南亞地區得以實現。

Richards Basmajian is a client-focused organisation specialising in Interior Design and Architecture. Since our establishment in 1986, we have completed an extensive variety of projects throughout Hong Kong and China, as well as in Japan, Taiwan, Korea, Thailand and Singapore.

Our completed work ranges from modestly sized "boutique" offices through to multi-floor Corporate Headquarters, Hospital, Clubhouse, Restaurant and Residential Developments. The design solution for each project is not only practical but also concentrates on the human element and the need for a sense of drama to inform the built environment.

CORPORATE DESCRIPTION

RMJM is a UK-based firm of architects, urban planners and landscape and interior designers with international offices and projects that confirm its ranking among the world's top 11th such professional practices. The practice has grown to employ over 600 people across offices in Asia, the Middle East and the UK, working in more than 15 countries.

RMJM's founding modernist credentials are widely acclaimed and matched by the creativity of the young team of professionals who spearhead its design and project focused approach. It is a team dedicated to a philosophy of creating an 'engineered aesthetic' with results that have been described as 'transcending, rather than following, fashion'.

The pre-eminence of RMJM's design ethos is complemented by a project-orientated and, where appropriate, multi-skilled approach. True teamwork among complementary professional disciplines readily translates into a constructive project partnership with clients and other consultants.

The success of this approach – the combination of a process-driven aesthetic and a multi-skilled capability

– can be seen in high profile projects in Asia and the Middle East as well as across the United Kingdom.

The practice is made up of inspired and talented individuals who believe in the creation of a total environment, through excellence in all parts of the design process. Creativity is not limited to the normal bounds of architecture and collaboration with artists, lighting designers and engineers is a positive reality.

QUALITY AND EXPERIENCE

RMJM is highly experienced over a wide range of building types in all market sectors, including culture, leisure, commercial, transport, industrial, health, education and residential. RMJM operates a documented Quality Management System, certified as complying with BS EN ISO 9001:2000.

RMJM established its Hong Kong office in 1981 and with offices now in Bangkok, Beijing, Singapore and Shanghai, has developed an intimate understanding of local cultures, development imperatives and government and planning systems. Providing services throughout Asia, RMJM has completed numerous masterplanning studies, large-scale commercial and civic developments, residential and mixed-use schemes, complex institutional projects and has firmly established itself as a regional design leader.

COMPANY PROFILE / STATEMENT

Rocco Design Limited is a HongKong-based multi-disciplinary architectural firm which has over its past productive decade established a solid pool of technical, practical and administrative expertise, but at the same time retained a youthful spirit and prowess for design creativity.

The main objective of the firm is to provide comprehensive professional services, with the Directors directly and actively participating in all aspects of the projects, from conceptual design through to implementation and completion. Emphasis is placed on the innovation and practicality of design, balanced by an alertness to construction budget and programme control, a sensitivity to clients' needs and aspirations, and a consciousness of the quality of the total environment.

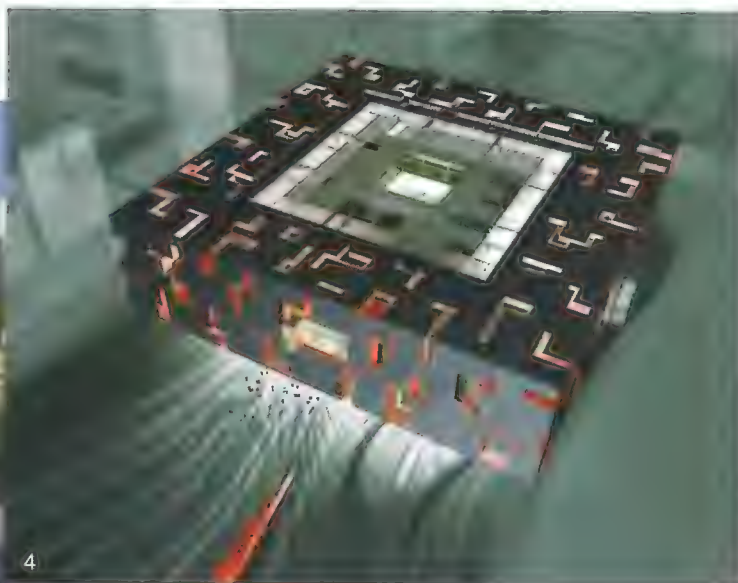

Despite its relatively brief history, the firm has undertaken projects for an impressive range of local and international, private, public and corporate clients, and has won a number of significant design awards, again both locally and internationally, since its establishment.

COMPANY PROFILE

Ronald Lu & Partners is a highly respected architectural, interior and urban planning practice with a diverse portfolio. Since its establishment in 1976, the firm has applied its collaborative approach, innovative ideas and professional expertise to the design of hotels, retail centres, high-rise and low-rise residential schemes, offices, service apartments, schools, embassies and institutional buildings. Its portfolio also includes town planning and railway development planning projects.

Through its 29-year history, Ronald Lu & Partners has served a growing list of clients that include some of the most prominent developers in Hong Kong and overseas. The firm is proud of the fact that 90% of its projects are commissioned by repeat clients who have come to rely on its superior design skills and customer service.

Ronald Lu & Partners has over 200 staff in Hong Kong and China; all the professionals are graduates of top universities in the world who, with their substantial overseas working experience, have contributed to the firm's international outlook. With the establishment of its Beijing & Shenzhen office, Ronald Lu & Partners is set to offer the same level of expertise and service to mainland customers.

Since the 1980's, Ronald Lu & Partners has designed many prominent and international projects including the AsiaWorld-Expo, a deluxe hotel at the Hong Kong Disneyland Resort, No. 1 Ho Man Tin Hill and the Peak Tower Revitalisation project, and several commercial and residential development projects in Australia. Recently, the firm was invited to participate in several comprehensive mix-use projects in Ukraine and Vietnam.

With its track record and all-round expertise, Ronald Lu & Partners looks forward to delivering its blend of quality design and customer service to clients in the Chinese market.

COMPANY PROFILE

Spence Robinson Ltd was established in 1904. Since then, we have maintained an active role in achieving quality building through our proven systematic approach to tackle design problems and insistence of perfection from initial brief to completion.

Towards the end of 2004, Spence Robinson and LT Development Consultants Ltd have joined hands and form the Spence Robinson LT Ltd, a company gear at continuation of the cultural gear at quality of Spence Robinson with more new drives and more comprehensive service to our clients.

Quality and care are ingredients rooted in our culture. We always maintain a balance of workload to make sure our values and services are not being sacrificed.

We believe innovation is the key to the new millennium. We have set up special design teams to handle projects creatively and sensibly to meet client's requirements. We provide in-house training to update and strengthen the skills of our staff. We develop our own web application program to facilitate communication and efficiency. We are re-establishing ourselves in Shanghai to make our 100th anniversary. Also we have a registered office in Beijing under the name of Ju Yuan Architectural Design Institute - which is a JV with the Ministry of Construction Design Institute, with staff of 80 and the daily operation is under Spence Robinson management. Our associate firm in UK has staff of 50. Suitable expertise and supports can be tapped within the Spence Robinson Group of companies.

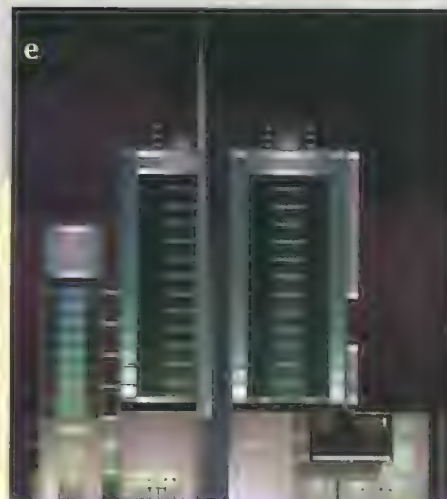

In the new millennium, we have extended our services to web application. Spence Robinson Technology Limited has been set up to facility intra-communication within the group of companies in different geographic locations as well as providing system design and software application on home automation and property management in Hong Kong and Mainland China.

Company Profile / Statement 公司簡介

Steve Leung Architects Ltd. and Steve Leung Designers Ltd. were restructured and established by the award-winning registered architect and interior designer, Steve Leung, in 1997 in Hong Kong. The company has branch office in Shanghai, managing large-scale projects over key cities in China including Guangzhou, Shenzhen, Shanghai, Beijing, Hangzhou, Zhuhai, Ningbo, Chongqing, and Chengdu.

The company specializes in leading architectural and interior design projects including office buildings, high-rise and low-rise residential buildings, club houses, residential units, show flats, sales offices, offices, shopping malls, hotels, restaurants and bars etc. The company's works reflect a strong and unique character of minimalism, with People as top priority.

Synergizing with the company's mounting interior design business, a franchised furniture series has been developed, labeled as *Kochi* and *Cube*, which receives tremendous feedback in Asian and European markets.

In 2003, Steve Leung and Yasumichi Morita have formed a partnership - LEUNG & MORITA DESIGNERS. As a result of the fusion of Chinese and Japanese cultural influences and expertise, the overall level of interior design will be elevated with broadened horizons of creativity and new ideas.

著名室內設計師及建築師梁志天於1997年重組，並成立梁志天設計師有限公司及梁志天建築師有限公司。總公司設於香港，並於上海設有代辦處。參予的國內大型設計項目則遍佈廣州、深圳、上海、北京、杭州、珠海、寧波、重慶及成都等城市。

專注發展高質素室內設計及建築設計項目，範疇廣涉商業樓宇、住宅大廈及別墅、會所、住宅、樣版房、銷售中心、辦公室、商場、酒店、餐廳及酒吧等。設計以「簡約」風格見稱，並以「以人為本」為首要設計理念。

近年，公司為配合其室內設計發展方向，推出一系列傢俬，命名為「一擊」及「方元」，在亞洲及歐洲市場均大獲好評。

於2003年，梁志天與日本一著名室內設計師森田恭通先生(Mr Yasumichi Morita)合組梁志天森田恭通·設計師有限公司，兩人在擁有共同的理念及目標下，是項聯盟定能提升兩間公司的設計質素，藉著中日的文化交流，把獨有的設計概念引進國際舞台，將亞洲的室內設計推至更高水平。

Terry Farrell and Partners has offices in London, Edinburgh and Hong Kong with a total architectural, technical and support staff of 150. The London office was established over 30 years ago and has completed many projects in the United Kingdom, Europe, and Asia. The Hong Kong office was established in 1991 following the successful international competition entry for the redevelopment of the Peak Tower and has since successfully completed a number of landmark projects in the region. Currently, the Hong Kong office has projects in Hong Kong, Korea, China, India and the Middle East, and has worked elsewhere in South-East Asia including Singapore, Malaysia, Indonesia, Australia and the Philippines.

We undertake architectural and master planning projects and have developed particular expertise in a number of areas from aquariums to transportation-related work. The company has considerable experience in a broad range of projects covering all stages of appointment from inception to completion. These include, office, residential, retail, leisure, railway, industrial and infrastructure projects. Many have been large, high profile, complex appointments demanding the full breadth of design, management and organisational skills. Projects have been undertaken for private clients, corporations, public bodies, transport authorities, and local and national government departments.

In addition to architectural projects, Terry Farrell and Partners has extensive experience in urban design and planning. Masterplans have been completed for a number of major city center sites in Europe and South-East Asia.

Terry Farrell and Partners strive to achieve the highest quality in the design, management and execution of projects. We achieve these objectives within the cost requirements through the process of quality assured design, which satisfies the aesthetic, functional, and programme requirements of the project.

Many of our buildings have achieved international design recognition and awards, and the work of the Company is featured in publications throughout the world. Our architecture is founded on innovative technical and conceptual thinking, based on a complete understanding of the client's requirements and aspirations, of the history and context of the project, and the needs of those who use and enjoy our buildings.

STATEMENT OF FIRM

WCWP International Limited has a history of 3 decades of architectural practices in Hong Kong. The company is headed by 2 Executive Directors and 4 Directors who are assisted by a professional, technical and administrative staff of 150. It is one of the first architectural practices in Hong Kong to achieve ISO 9001 and ISO 14000 accreditation, and a pioneer to develop business in Mainland China.

WCWP provides a broad base in architecture, planning, structural design, interior design and project management. It has associated and branch offices in Australia, Dubai, Guangzhou and Shanghai. The company has successfully implemented a wide variety of project types in Hong Kong and China as well as the South East Asia region including Thailand, Vietnam and Malaysia. The completed projects include prestigious commercial and residential complexes, hotels, schools, medical facilities, high-density housing estates and purpose-built 'high-tech' industrial/office development. In addition, the company has a considerable track record of innovative refurbishment, restoration and addition works for hotels, office buildings, schools and residential estates.

The competitive edge of the company is that the principals are involved directly and closely with all aspects of the projects, from design inception, construction and documentation to final implementation. The practice's philosophy emphasizes design excellence and professional services, with sound and innovative technical support, balanced by economy and aesthetics.

The guiding principle of the practices is based on the belief of professional integrity and honesty. Open management system is adopted to improve communication between the management and staff.

To enhance environmental awareness in the office, WCWP has been fully computerized with the aim to achieve 'paperless' in its daily operation, both internally and externally. The Company has implemented ISO 14000 since 2001, and achieved ISO 14001 certification in July 2002.

公司簡介

在香港從事建築設計服務三十年的胡周黃建築設計(國際)有限公司, 由兩位執行董事和四位董事領導, 共有專業和行政管理員工超過150人, 是本港最先得到 ISO 9001 質量認證証書的建築設計服務公司之一, 亦是最先發展國內業務的香港建築設計公司之一。

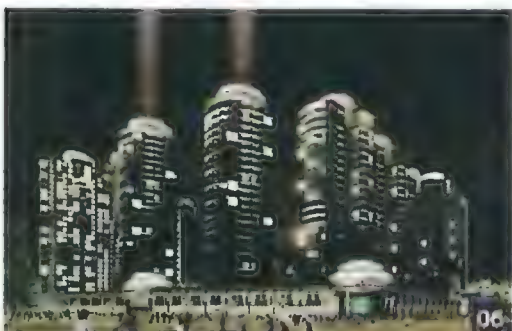

胡周黃建築設計(國際)有限公司的服務範圍包括建築設計、規劃、室內設計和項目管理服務, 並在廣州和上海設有辦事處, 在北京、澳洲、杜拜設有聯營公司, 在珠海、重慶及三亞亦設有聯絡辦事處。已發展業務的地區包括香港、中國國內、泰國、越南、馬來西亞及杜拜, 成功完成了大量不同類型的建築設計項目, 如商業大廈、酒店、住宅大廈、學校、醫療設施、專門設計的"高科技"工業大廈等。完成的翻新、修復及加建項目則有酒店、商業大廈、學校改善工程和住宅。

公司的優勢是高層管理人員直接參與項目的全部工作, 從初步設計、建造、施工文件準備至完成項目。這種運作方式以強勁的人力資源和革新技術為後盾, 強調卓越的設計和專業服務精神, 達到經濟效益和美學價值。

公司的宗旨是以忠誠的態度和專業知識, 為業主或發展商提供革新和最佳的解決方案。在內部管理方面, 公司採用了開放式的管理方式, 以加強管理層與員工的溝通, 同時創造出一個愉快的工作環境。

為達到公司內部"無紙化"的環保目標, 胡周黃建築設計(國際)有限公司已實施全電腦化運作, 並於2002年年中取得 ISO 14000 環保管理認證証書。

WITH-IN ARCHITECTS LIMITED. was seen founded in Hong Kong by the spring of 2004. Its solely-owned subsidiary, WITH-IN (Beijing) Limited, was established in Beijing in the fall of the same year to facilitate a better coordination with clients and design institutes in China.

WITH-IN ARCHITECTS. WITH-IN bears a core composed of architects with international educational backgrounds. Following some years of close collaboration at a major architectural office in Hong Kong, the core members lead WITH-IN to excel with their profusion of practical experiences on Hong Kong and particularly, China projects. WITH-IN's lead co-founder Mr. Derek Chiu has a wide array of experiences in architectural research and realization of architectural projects in Japan, Hong Kong and China.

WITH-IN ARCHITECTURE. WITH-IN has a typical approach of initiating a project through critical re-appraisal on parameters like design criteria, site/context, program, marketing strategy, architectural runs as well as other external attributes. WITH-IN believes when criticality reaches a certain level, or twist, new form emerges. The attributes that WITH-IN celebrates include: 21st Century, Paradigm Shift, Parameter Shift, Instability, A Metropolitan Asia, The China factor, & What If...

WITH-IN 公司。 善創建築設計有限公司於2004年初在香港註冊成立，並於同年秋在北京設立獨資分機構善創設計顧問(北京)有限公司，並派駐主要設計團隊，更有效地跟進國內設計項目。公司服務以規劃、建築設計為主。

WITH-IN 建築師。 核心團隊具有國際化的教育背景，並曾同時就職於香港一間大型的建築師事務所。團隊的成員在多年的設計實踐中積累了豐富的中國工程經驗。董事趙善創先生具有多年的建築研究實踐，曾就職於日本一間大型的建築師事務所，具有日本、香港和中國工程的經驗。

WITH-IN 建築。 強調建築設計必須以深層次的理論研究和全面的實際經驗為基礎，並主張探討每個項目包括設計條件、基地地脈、功能類型、建築取向、市場定位等因素新的演譯，從而創出造型、空間的新可能性。 WITH-IN視點：21世紀的因素轉移、變幻、大都會亞洲、中國因素、別類。
